# Our Logo

The Total Ancillary logo consists of the “TA” icon and the text “TOTAL ANCILLARY” (in all caps).

The font used in the logo is Brandon Grotesque Office Bold by HVD Fonts.

- The TA logo should function as an independent element in all contexts with adequate space between the logo and other elements to clearly show the logo as an independent element.
- Brand or campaign taglines should not be incorporated as a part of the logo, they should be positioned as clearly separate elements in any layout.

## CLEAR SPACE

To maintain consistency in usage and ensure legibility, always keep a minimum clear space around the logo to avoid it being lost on the page or in the layout. This space isolates the logo from any competing graphic elements like other logos, graphics, or body copy that may conflict with, overcrowd, and lessen the impact.
